

Product Data Sheet

Gerätename / unit name	Portable power-supply UPE 4000
HTZ/TKZ / Part No.	UPE4000
Versorgungsnummer NSN/NATO Stock Number	
Produktbeschreibung product description	The portable USV serves for uninterruptible power supply of 24 VDC consumers at available AC-net using the builtin rectifier unit or from external supply unit this could be a fuel cell of maximum voltage of 28,8V. If AC-net is not available or in mobile missions the power supply is assured by the integrated jellyfied batteryset of 24V 16Ah. The device is classified IP54. The batteries are mounted shockresistant. The EMC classification fulfills minimum CE. On request VG95373 class 3.
Technische Daten / technical data Maße (L x B x H) in mm / size Gewicht / weight Elektrische Anschlußwerte / El. values	300 x 200 x 300 19,1 kg including batteries Input: 230VAC +/- 10% 45-65 Hz Output: 28,8VDC 8A I-U-charging / 28VDC trickle-charging Batteries: Sonnenschein 2x12VDC/16Ah (A512/16 G5)
